TO BE FITTED TO THE CHINESE DELIVERY VEHICLES. END SUMMARY.

3. RECALLING THAT SECRETARY SHULTZ HAD RAISED THE SAUDI MISSILE MATTER WITH FOREIGN MINISTER WU AT DINNER MARCH 26, CHARGE QIAN YONGNIAN SAID HIS GOVERNMENT HAD INSTRUCTED HIM TO DELIVER THE FOLLOWING ADDITIONAL RESPONSE (NOT QUITE VERBATIM):

B1,A3,A5

4. ARMACOST RESPONDED THAT THE US TOO REGARDS SAUDI ARABIA AS A SOURCE OF STABILITY IN THE MIDDLE EAST, AND WELCOMES THE EVOLUTION OF SINO-SAUDI RELATIONS AS AN ADDITIONAL SUCH SOURCE. FROM BOTH STRATEGIC AND ECONOMIC VIEWPOINTS WE REGARD THE SAUDIS AS IMPORTANT. IT WOULD BE HELPFUL TO US IF CHINA COULD PROVIDE SOME MORE SPECIFIC INFORMATION (QIAN INTERJECTED THAT HE HAD NO TECHNICAL INFORMATION AT HAND):

-- WHAT SYSTEM WAS SOLD?

-- WHAT IS ITS RANGE?

-- WHAT IS THE WARHEAD -- THE WEIGHT OF THE HIGH EXPLOSIVE AND THE WEIGHT OF THE OVERALL PAYLOAD INCLUDING THE REENTRY VEHICLE?

-- WHAT IS ITS ACCURACY, IN TERMS OF METERS OR CIRCULAR ERROR OF PROBABILITY?

-- HAS THE SYSTEM EVER BEEN DESIGNED OR TESTED WITH A CHEMICAL WARHEAD? HOW EASILY CAN THE CONVENTIONAL WARHEAD BE REPLACED BY A NUCLEAR WARHEAD?

-- HOW MANY MISSILES AND LAUNCHERS HAVE BEEN SOLD?

5. ARMACOST REGRETTED THAT THE STORY WAS APPARENTLY ABOUT TO BREAK IN THE PRESS. HE NOTED THAT US CONCERNS OVER THE INSTALLATIONS WERE DUAL: THEY WERE LOCATED IN THE VOLATILE AREA BETWEEN ISRAEL AND THE PERSIAN GULF, WHERE THE POTENTIAL FOR CONFLICT WAS EVER-PRESENT; AND THE TECHNOLOGY INVOLVED WAS HIGHLY WORRISOME. AS THE CHINESE KNEW, THE US AND USSR HAD JUST SIGNED AN AGREEMENT ELIMINATING SUCH SYSTEMS. [REDACTED]

6. YES, ARMACOST RESPONDED, BUT MISSILE SYSTEMS POSE GREAT RISKS [REDACTED]
